9. BARBARA BOYD has been diagnosed with Usher's Syndrome, a condition that affects both hearing and vision. She is Deaf and has also been diagnosed with Retinitis Pigmentosa (RP).

10. Ms. Boyd communicates primarily using American Sign Language (ASL).

11. On August 17, 2014, Ms. Boyd's minor son "D.T." was in a public area with other children when he was assaulted by an adult male. (To ensure protection of the minor's privacy he is referred in this complaint only by initials.)

12. At the time of the incident, D.T. was 13 years old.

13. D.T. is hearing but both his mother, Barbara Boyd, and his step-father, Edward Boyd, are Deaf. Edward Boyd does not have the same visual impairment.

14. Officers of the San Antonio Police Department responded to the call about the assault on D.T. SAPD offense case number "SAPD14181100" was assigned to the report taken by the officers.

15. The City of San Antonio operates the San Antonio Police Department, which is a public facilities under Texas law. TEX. HUM. RES. CODE § 121.002(5).

16. While making the initial report to police, Ms. Boyd was not provided with an ASL interpreter or other effective auxiliary aid or service.

17. Ms. Boyd began requesting an interpreter while making the initial report to the patrol officers who responded to the call.

18. Ms. Boyd also suggested a video relay interpreter on a tablet computer as an option if no interpreter was available to come to their location.

19. All requests by Ms. Boyd to have an interpreter were denied.

20. Officers at the scene informed family members that D.T., would need to go to the police station to make a statement.

21. Both Barbara Boyd and Edward Boyd asked to go with D.T. when he was taken to a San Antonio police station to give his statement.

22. Officers refused to allow both Mr. and Ms. Boyd to be present. Only Ms. Boyd was allowed to accompany her son to his interview at the police department.

23. During the interview of her son, Ms. Boyd repeatedly requested an American Sign Language (ASL) interpreter to assist her with understanding the communications.

24. Ms. Boyd's requests for a qualified ASL interpreter while she was at the police station were also denied.

25. At times the 13 year old D.T. was expected to explain what was happening and to interpret for Ms. Boyd, while simultaneously giving his victim's statement to police.

26. Ms. Boyd was not provided with an ASL interpreter or any other appropriate and reasonable accommodation which would furnish her with effective communication while she was interacting with police officers.

27. Ms. Boyd was the sole parent companion with D.T. at the police station while the boy was being interviewed.

28. A "companion" means a family member, friend, or associate of an individual seeking access to a service, program, or activity of a public entity, who, along with such individual, is an appropriate person with whom the public entity should communicate. 28 C.F.R. § 35.160.

30. Ms. Boyd brings her lawsuit to obtain an injunction to require Defendants to comply with and abide by the ADA, Section 504, and Chapter 121. Ms. Boyd also seeks damages to compensate her for the harm and injuries their unlawful actions have caused.

31. Ms. Boyd did not receive any information in an accessible format as to what the follow up procedure would be after D.T. completed his statement.

32. The suspect in the criminal case lived in the same apartment complex as the Boyd family but Ms. Boyd was not able to receive follow up information from the SAPD, in an accessible format, regarding this potential risk situation for her son and the other members of her family.

33. The ADA has been in effect since 1990, and 24 years had elapsed prior to the date of this denial of effective communication by SAPD.

34. Employees of the SAPD acted intentionally, and/or with malice or gross negligence, in refusing to provide effective communication to a parent companion of a child crime victim.

35. The actions of the SAPD employees showed deliberate indifference and reckless disregard for Ms. Boyd's right and for the ability of a parent companion to understand communications and events while her child was being interviewed by police.

36. Ms. Boyd continues to reside in San Antonio, Texas, and will need to rely on the San Antonio Police Department in the future when her situation requires the assistance of a police department.
